

CHRISTIAN "BOO" BOUCOUSIS

*LEAD COACH – AFTERBURNER
FORMER FIGHTER PILOT AND MISSION COMMANDER*

*Delivering Flawless Execution
Setting Goals & Achieving Them --
Consistently*

AFTERBURNER

ULTIMATE HUMAN PERFORMANCE

A black and white photograph showing the silhouettes of eleven fighter pilots standing on the wings and tail of a fighter jet. The pilots are arranged in a line, with some standing on the wings and others on the tail. The jet is positioned in the center of the frame, and the background shows a clear sky and some distant trees.

Keynotes

Leadership Coaching

Teambuilding

Afterburner is a high-performing team of men and women who had served as fighter pilots, the custodians of “The Fighter Pilot Way”, also called Flawless Execution. The Afterburner pilots are incredibly passionate about helping people learn and apply the tactics they use every day to achieve a consistent mission success rate of 98%.

AFTERBURNER

ULTIMATE HUMAN PERFORMANCE

Fighter Pilots operate in rapidly changing, complex and sometimes hostile environments. Yet, they consistently excel in achieving successful outcomes. Afterburner shares how to create total clarity to enable optimum performance for individuals and teams in an organization.

Afterburner has delivered training programs, team building events and embedded consulting programs to over 3,500 Companies and 3,000,000 people over 23 years.

The Afterburner team takes you on a journey, immersing you into their unique world. Through storytelling, video and music, they demonstrate what it truly takes to be a fighter pilot.

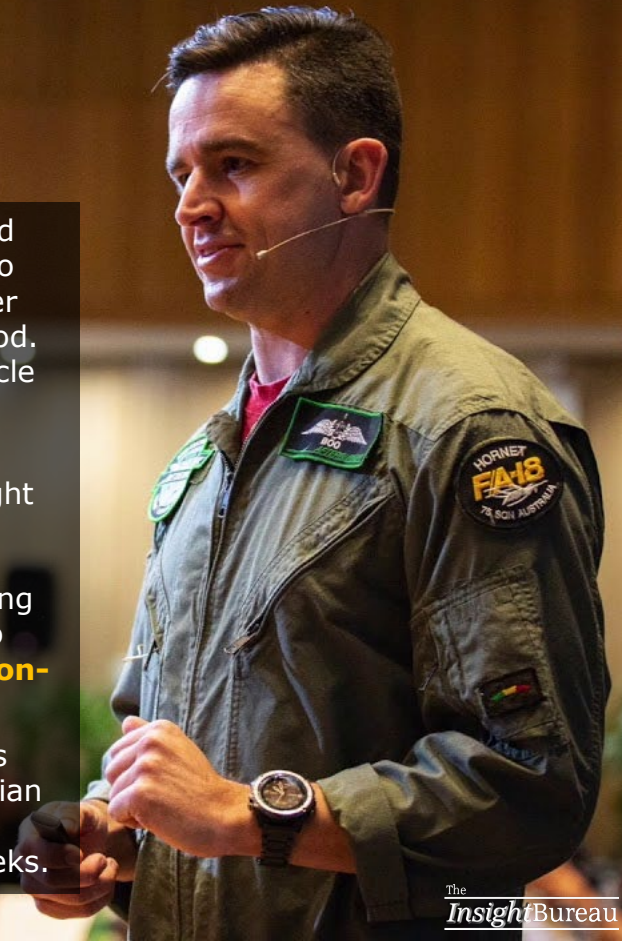

CHRISTIAN “BOO” BOUCOUSIS

about

Christian “Boo” Boucousis is an established **entrepreneur, business owner** and today, an **executive leadership** and **performance coach**. At the age of 19 Boo was recruited into the **Royal Australian Air Force** as a pilot and completed over **11 years as an elite fighter pilot**, one of only 400 trained over a 40 year period. The product of a **\$15 million dollar training program**, Boo reached the pinnacle of his career as a **Squadron Leader**, before his medical discharge for a chronic auto immune disorder known as Ankylosing Spondylitis.

At 30 years of age Boo made a life changing decision, boarding a commercial flight to Kabul Afghanistan, where he **founded CTG Global**, a Humanitarian business delivering projects on behalf of United Nations agencies. Over a period of three years Boo cut his business teeth in one of the worlds most demanding, challenging and dangerous environments on the planet, successfully growing the business to over 1,600 employees until its sale four years later. Today **CTG is a multi-million-dollar company** with operations **spanning the globe**

Boo subsequently transitioned into **property development** and **hospitality**, his company built the **world’s tallest prefabricated modular hotel** in the Australian city of Perth, completing a two year project in only 11 months. The project set a record for the construction of 17 stories, completing the structure in only 11 weeks.

CHRISTIAN "BOO" BOUCOUSIS

about

Boo globally heads up an organisation called **"Afterburner"** a team of men and women who had served as fighter pilots, the custodians of **"The Fighter Pilot Way"**, also called Flawless Execution. Upon participating in his first Afterburner event Boo had an epiphany, the skills he learned, developed and applied as a fighter pilot were the **fundamental skills that lead to his business success.**

It's through this journey Boo developed **a passion for human performance.** He's identified what it is about our innate humanness that prevents us from living the life we dream about and the secrets to unlocking the power of the people around us to assist us with achieving our goals.

From losing the career that meant so much to him, surviving the roller-coaster that is Entrepreneurialism, dealing with the chronic pain of a degenerative illness, Boo shares his story of conquering adversity through his motto **"Never Give Up".**

AFTERBURNER

Flawless Execution

Flawless Execution (FLEX) is a simple, scalable, interactive process that can help you **supercharge** your **collaboration** efforts. By **aligning** everyone in your organisation with your **vision**, you will drive **individual accountability** and address the complex environment that is business today.

A **four-step process** that creates **clarity, motivation, continuous improvement, agility** and **accountability** for you and your team.

Plan - How to plan collaboratively and set realistic goals

Brief - The importance of communication when executing a plan or strategy

Execute - Highlighting the performance draining effects of task saturation and how to prioritize, focus and achieve 300% more in a day or “3X” your team.

Debrief - Improve performance, enhance mentoring and deliver change rapidly through a simple meeting focused on learning from common mistakes and errors in a “nameless and rankless” environment.

Speaking Topics

Deep Performance: we all seek to be part of a high-performing, winning team. However, not everyone can be, or wants to be, a high performer. However we can all be deep performers!

Creating Agile Teams: Centralized planning and decentralized execution.

Developing Highly Effective Leaders: Reducing the complex challenge of effective leadership to simple tools and techniques.

Operational Excellence: Operational excellence underpins the systems and standards fighter pilots use to execute their strategies..

Other speaking topics include:

- Trust and integrity
- The importance of situational awareness and clarity for effective leaders
- Resilience in the face of change
- High performing teams
- Thinking like a founder

AFTERBURNER

what people say

*Without a doubt, the Flawless Execution program run by Afterburner is the **best I've ever seen**. We were **blown away** by how well Afterburner incorporated the information about our business into their program.*

Motospecs

*Afterburners absolutely delivered **beyond our best expectations**. It was a **perfect session** for our sales team who come out **motivated** not just in the short-term, but on **achieving long-term** our objectives & budget.*

Consumer & Marketing Telstra

*We are exposed to many motivational speakers but none of them come close to the **tailored** and **practical** style of Afterburner. Your **attention to detail** and the **depth of your knowledge** of our business was **second to none** and was commented on by a number of members of the team. I have had feedback from our teams around the country that they have already started conducting briefing sessions, and indeed I have restructured the way in which I communicate with the team. It certainly says something when this type of response occurs unprompted. I look forward to working with you in the future.*

Product Manger, Sanofi-Synthelabo
