

# SHIVVY JERVIS

**INNOVATION FUTURIST,  
SPEAKER & BROADCASTER**

*A Champion of Change, one of Britain's Women of the Year, an innovation advocate for human-centered digital and economic breakthroughs, and how to use them so we can thrive.*

# SHIVVY JERVIS

## about

Shivvy Jervis is an award-winning **futurist** and one of the most sought-after voices on human-centred innovation and the future of technology.

Named a '**World's Top 10 Futurist**', Shivvy doesn't just talk about trends, Shivvy deciphers what's next, revealing the **breakthroughs** in **AI, digital transformation** and **future-ready leadership** that will redefine how we work and live.

Named a **Champion of Change**, Shivvy Jervis is one of Europe's most trusted guides on incredible innovations and how to use them so we can thrive.

With her **highly-energetic** stage presence and her ability to making complex ideas engaging, Shivvy has advised world governments, FTSE 100 companies and global brands, bringing clarity and insights to the forces shaping our future.

Her three most in-demand themes span the impact of digital innovations from **AI, Metaverse** and the connected world; jobs and **skills of the future** and applying **neuroscience** (such as the science behind motivation and attraction) to create engaged workforces and customers.

# SHIVVY JERVIS

## experience

Shivvy constantly champions '**digital-for-good**' and has garnered an astonishing 22 pieces of **industry recognition**. This includes a national Outstanding Achiever award, being nominated a '**Woman of the Year**' by public vote and named one of **Britain's 10 most influential South Asian women**.

A former CNN Asia and Reuters journalist, Shivvy has strong broadcasting roots: she has hosted **live debate broadcasts**, fronted **Discovery Channel** documentaries, **quizzed** the world's top climate change pioneers and **interviewed** former PMs (including the UK's David Cameron) and music legends alike.

Shivvy created two **successful streaming series** that enjoyed a five-year run. She has been turned into a **hologram** to educate thousands, chaired gripping debates with influential leaders, and is called on by the BBC, Forbes and the FT.
